

Nurse Licensure Compact Update

Nurse Licensure Compact (NLC)

The mutual recognition model of nurse licensure allows a nurse to have one license (in his or her state of residency) and to practice in other states (both physically and electronically), subject to each state's practice laws and regulations. Under mutual recognition, a nurse may practice across state lines unless otherwise restricted. In order to achieve mutual recognition, each state must enact legislation or regulation authorizing the Nurse Licensure Compact. States entering the compact also adopt administrative rules and regulations for implementation of the compact. Once the compact is enacted, each compact state designates a Nurse Licensure Compact Administrator to facilitate the exchange of information between the states relating to compact nurse licensure and regulation. On January 10, 2000, the Nurse Licensure Compact Administrators (NLCA) were organized to protect the public's health and safety by promoting compliance with the laws governing the practice of nursing in each party state through the mutual recognition of party state licenses. The Executive Director of the Texas Board of Nursing serves as the Compact Administrator for Texas. She is also the APRN Member-at-Large on the NLCA Executive Committee (NLCA-EXEC).

NLCA Meetings

The Nurse Licensure Compact Administrators (NLCA) and the NLCA Executive Committee (NLCA EXEC) meet regularly via teleconference and face to face at least twice a year. The last face to face meeting of the NLCA took place on August 2, 2011 in Indianapolis. NLCA met by conference call on October 24, 2011 and December 12, 2011.

The NLCA-EXEC Committee also met November 28, 2011 and January 9, 2012.

Strategic Plan Progress Update:

1. A new fact sheet for employers was developed and can be found at https://www.ncsbn.org/2010_NLCA_factsheet_Employers_FINAL_2.pdf
2. The Compliance Committee has developed a self audit instrument and the tool was piloted by 10 states, including Texas. Results are being reviewed to make modifications to the tool and distribute to all states to evaluate their compliance with the Compact. External audits are planned for 2013-2014.
3. The Policy Committee continues review of the NLCA policy manual and many new policies have been adopted. All policies can be found at <https://www.ncsbn.org/1060.htm>
4. The NLC website has been updated and reformatted to aid with finding appropriate information. <https://www.ncsbn.org/nlc.htm> and <https://www.ncsbn.org/nlca.htm>
5. The NLCA continues discussion about utilizing the Nurse Alerts feature in lieu of the Compact tab in Nursys to make important investigative and disciplinary information available to all boards of nursing.

APRN Compact

The Executive Officers of states with passed APRN Compact legislation and states interested in joining the APRN Compact continue to meet to discuss various proposed provisions for the model legislation aimed at strengthening and creating efficiencies within the compact.

The NLCA continues to work on proposed amendments to the NLCA Secretariat Agreement with NCSBN. The Secretariat Agreement is being rewritten as a Memorandum of Understanding.
