

Refining the Assessment, Diagnosis and Treatment of Veterans

HAVE YOU EVER SERVED IN THE MILITARY?™

A Service for America's Veterans by the American Academy of Nursing

BREAKFAST PRESENTATION

Managed and designed by the American Academy of Nursing, the Have You Ever Served in the Military? is an awareness campaign to improve the health of veterans. The campaign encourages healthcare providers to ask about their patients' military background. Participants will learn about the most common health concerns linked to military service, as well as questions the provider should ask the veteran. This information will assist providers to obtain a more complete military service history and identify possible health factors or illnesses related to such service.

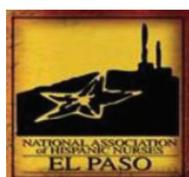

LENORE S. ENZEL

MS, RN-C, NE-BC, CLNC
