

Nurse Licensure Compact Update

Nurse Licensure Compact (NLC)

I am including this general information section again for the benefit of new Board members. The mutual recognition model of nurse licensure allows a nurse to have one license (in his or her state of residency) and to practice in other states (both physically and electronically), subject to each state's practice law and regulation. Under mutual recognition, a nurse may practice across state lines unless otherwise restricted. In order to achieve mutual recognition, each state must enact legislation or regulation authorizing the Nurse Licensure Compact. States entering the compact also adopt administrative rules and regulations for implementation of the compact. Once the compact is enacted, each compact state designates a Nurse Licensure Compact Administrator to facilitate the exchange of information between the states relating to compact nurse licensure and regulation. On January 10, 2000, the Nurse Licensure Compact Administrators (NLCA) were organized to protect the public's health and safety by promoting compliance with the laws governing the practice of nursing in each party state through the mutual recognition of party state licenses. The Executive Director of the Texas Board of Nursing serves as the Compact Administrator for Texas.

NLCA Meetings

The Nurse Licensure Compact Administrators (NLCA) meet via teleconference once every other month and face to face twice a year. In March, the NLCA Executive Committee and the full NLCA met prior to the NCSBN Mid-Year meeting in Chicago.

The NLCA Executive Committee consists of the Chair, Vice-Chair, Secretary-Treasurer, two Committee Members-at-Large, and an APRN Administrator Member-at-Large. I serve on the Executive Committee as the APRN Administrator at Large. Texas is one of two states to have adopted the APRN Compact but it will be a few years before the states are ready to implement this more complex Compact.

At a face to face meeting in Nashville on August 4, 2008. The following activities were discussed:

1. Amendments to the NLCA Model Rules were approved and must be published and adopted in all participating states within 18 months.
2. A subcommittee has been appointed to revise the Frequently Asked Questions and it is anticipated that the document will be reviewed in October.
3. A subcommittee has been appointed to review the NLCA website and make recommendations for updating and formatting the site.
4. A subcommittee on Mentor Evaluation is working on evaluation of the mentor to new compact administrator program and will make recommendations for improvements to processes.

5. A Financial Model is being developed to capture costs associated with implementing the Compact.

The next meeting of the NLCA will be a conference call on Monday, October 14, 2008.

Participating States

The Nurse Licensure Compact (NLC) has now passed in twenty-three states: Arizona, Arkansas, Colorado, Delaware, Idaho, Iowa, Kentucky, Maine, Maryland, Mississippi, Nebraska, New Mexico, New Hampshire, North Carolina, North Dakota, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia and Wisconsin. Kentucky's bill was implemented on June 1, 2007. Colorado's bill was implemented in October 2007. The 22 states which have implemented the Compact thus far are: Arizona, Arkansas, Colorado, Delaware, Idaho, Iowa, Kentucky, Maine, Maryland, Mississippi, Nebraska, New Hampshire, New Mexico, North Carolina, North Dakota, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia and Wisconsin. Rhode Island adopted the Compact but will not implement until July 2008.

For future reference on the Nurse Licensure Compact, refer to the National Council of State Boards of Nursing web site at:
