

Consideration of the Proposed 2019 Board of Nursing Rule Review Schedule

Summary of Request: Consider approval of the Board's 2019 Rule Review Plan.

Background: The Government Code § 2001.039 (Administrative Procedure Act) requires a state agency to review each of its rules every four years following the rule's initial effective date to determine if the reasons for originally adopting the rule continue to exist. The agency must then consider whether to re-adopt, re-adopt with amendments, or repeal each rule.

Attached hereto as Attachment "A" is Staff's proposed 2019 rule review plan. The Board's previous plan, approved in 2015, was completed. The attached rule review plan continues the timeline established by the Board's previous rule review plans.

Staff Recommendation: Move to approve and implement the Board's 2019 Rule Review Plan as set out in Attachment "A".

Texas Board of Nursing

Rule Review Plan

Pursuant to the Government Code §2001.039, the Texas Board of Nursing adopts the following rule review plan for ongoing review of its rules.

Chapter 211. General Provisions. (July 2019)

Chapter 213. Practice and Procedure. (April 2020)

Chapter 214. Vocational Nursing Education. (January 2021)

Chapter 215. Professional Nursing Education. (January 2021)

Chapter 216. Continuing Competency. (April 2020)

Chapter 217. Licensure, Peer Assistance and Practice. (July 2019)

Chapter 219. Advanced Practice Nurse Education. (July 2019)

Chapter 220. Nurse Licensure Compact. (October 2019)

Chapter 221. Advanced Practice Nurses. (April 2020)

Chapter 222. Advanced Practice Registered Nurses with Prescriptive Authority. (January 2021)

Chapter 223. Fees. (October 2019)

Chapter 224. Delegation of Nursing Tasks by Registered Professional Nurses to Unlicensed Personnel for Clients with Acute Conditions or in Acute Care Environments. (October 2019)

Chapter 225. RN Delegation to Unlicensed Personnel and Tasks Not Requiring Delegation in Independent Living Environments for Clients With Stable and Predictable Conditions. (October 2019)

Chapter 226. Patient Safety Pilot Programs on Nurse Reporting Systems. (January 2020)

Chapter 227. Pilot Programs for Innovative Applications to Professional Nursing Education. (July 2021)

Chapter 228. Pain Management (February 2022)

Thereafter, the Texas Board of Nursing will initiate a new review of each chapter in this plan no later than the fourth anniversary of the date the chapter was re-adopted under the preceding rule review cycle. As a result of its review, the Texas Board of Nursing will re-adopt, re-adopt with amendments, or repeal rules following its assessment of whether the reasons for initially adopting the rules continue to exist.
