- 2.6 Non-Appropriation of Funds; Legislative Action. The Contractor acknowledges that the ability of the Board to make payments under this Contract is contingent upon the continued availability of funds.

The Contractor further acknowledges that funds may not be specifically appropriated for the Contract and the Board's continual ability to make payments under the Contract is contingent upon the funding levels appropriated to the Board. The Board will use all reasonable efforts to ensure that such funds are available. The Contractor agrees that if future levels of funding for the Board are not sufficient to continue operations without any operational reductions, the Board, in its discretion, may terminate the Contract or a pending order under the Contract, either in whole or in part. In the event of such termination, the Board will not be considered to be in default or breach under the Contract, nor shall it be liable for any further payments ordinarily due under the Contract, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination. The Board shall make best efforts to provide reasonable written advance notice to the Contractor of any such Contract or order termination. In the event of such a termination, the Contractor shall, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination, either on the particular order if an order is being terminated, or the Contract, if the Contract is being terminated. The Board shall be liable for payments limited only to the portion of work the Board authorized in writing and which the Contractor has completed, delivered to the Board, and which has been accepted by the Board. All such work shall have been completed, per the Contract requirements, prior to the effective date of termination.

- 3.2 Termination for Cause. If the Contractor fails to provide the goods or services contracted for according to the provisions of this Contract, or fails to comply with any terms or conditions of this Contract, the Board may, upon written notice of default to the Contractor, immediately terminate all or any part of this Contract. Termination is not an exclusive remedy, but will be in addition to any other rights and remedies as provided in equity, by law or under this Contract. The Board may exercise any other right, remedy, or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of this Contract. The exercise of any of the foregoing remedies will not constitute a termination of this Contract unless the Board notifies the Contractor in writing prior to the exercise of such remedy. The Contractor shall be liable for all costs and expenses, including court costs, incurred by the Board with respect to the enforcement of any of the remedies listed herein.

- 3.3 Termination for Convenience. Either Party may terminate this Contract at any time, in whole or in part, without cost or penalty, by providing thirty (30) calendar days' advance written notice. In the event of such a termination, Expert must, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination. The Board shall be liable for payments limited only to the portion of work the Board authorized in writing and which Expert has completed, delivered to the Board, and which has been accepted by the Board. All such work shall have been completed, in accordance with Contract requirements, prior to the effective date of termination. The Board shall have no other liability, including no liability for any costs associated with the termination.
- 3.4 Contractor's Continued Performance. Notwithstanding any other provision of the Contract to the contrary, unless otherwise requested or approved in writing by the Texas Board of Nursing, Contractor must continue performance and will not be excused from performance during the period any breach of contract claim, dispute or mediation is pending under either of the above processes. However, Contractor may suspend performance during the pendency of such claim or dispute if Contractor has complied with all provisions of Section 2251.051 of the Texas Government Code, and such suspension of performance is expressly applicable and authorized under that law.
